

June 12, 2022

Hello Fellow Artists, well we are about 1/3 through the month of June and Registration will be ending June 30. We had a successfully large number of artists sign up during our "early registration" offer. And we thank you all. Now it is time for the rest of you to consider sending in your Registration Forms along with the pictures of your art.

We are extremely excited and anxious to get this year's event off and running. We are designing new signage, keeping the website up to date, publicizing many of your artworks on social media, designing the brochure and starting to plan our "Meet and Greet" event. We encourage you to sign up and become part of an annual Open Studio Event here in the south bay, which includes Morgan Hill, San Martin, Gilroy and South San Jose and guests artists from Santa Cruz and San Benito Co.

So looking forward to seeing your registrations. Be sure to check out our website www.morganhillopenstudios.org. All the information you need about the event is in the Artist Resource Pages.

Our Very Best to you All,
Morgan Hill Open Studio Committee
